Return to the Vacant Position Listing

**Applicant Information**

- Vacancies are open to all qualified applicants. Applicants will be screened for the minimum qualifications listed for each job vacancy. Preference will be given to applicants who, in addition to meeting the minimum qualifications, possess one or more of the listed preferred qualifications, when applicable.
- Employees will be given the opportunity to compete within their division or within central office to transfer to or voluntary demote to a vacant position prior to consideration of applicants from outside of the agency.
- Applications are accepted for announced jobs only.
- To apply for an announced job vacancy, applicants must submit a Department of Natural Resources (DNR) Application for Employment to the individual address listed with each job posting. It is important that applications be sent directly to the contact person and/or locations listed. Applications sent to another location may not be forwarded and may result in applications not being considered.
- Applicants must submit one application for each position being applied for.
- A .pdf version and a Word version of the DNR Application for Employment can be found by visiting the Careers page of the DNR website at [https://gadnr.org/careers](https://gadnr.org/careers).
- If submitting a résumé, please attach the résumé with a completed DNR Application for Employment.
- Please be sure to include the following information on your application, Job Title and Position Number.
- If the minimum qualifications for a job require a college education and you have obtained a degree from a college or university outside the USA, you are required to submit an International Education Evaluation Letter showing your degree is equivalent to one obtained at a college or university in the USA. International Educational Evaluations are accepted from the National Association of Credential Evaluation Services ([www.naces.org/members.htm](http://www.naces.org/members.htm)) or the Association of International Credentials Evaluators ([www.aice-eval.org](http://www.aice-eval.org)).
- Your application must be postmarked no later than the application deadline date noted on the specific job posting. Please note that deadlines will differ by job postings.
- Any offer of full time and part time employment by DNR is conditional upon a background check that is appropriate for the job functions and business necessity. If related criminal records are revealed in the process, the applicant will not be automatically disqualified.
- Information found on publicly posted social media accounts may be examined.
- Current State of Georgia employees transferring to a DNR position, on the same pay grade, will transfer at their existing pay. Current State of Georgia employees transferring to a DNR position, on a higher pay grade, will typically receive a 5% promotion, or go to the job minimum, whichever is greater. Current State of Georgia employees transferring to a DNR position, on a lower pay grade, will typically receive a demotion with a loss in pay.
- All positions listed in this announcement are in the Unclassified Service and will be filled as unclassified positions.
- All qualified applicants will be considered. Hiring locations will contact applicants regarding interviews but due to the volume of applications received not all applicants will be contacted or receive an interview.
- If you need this Vacancy Announcement in an alternate format, please contact the DNR Office of Human Resources at 404.656.7560.
- DNR is a registered participant in the federal work authorization program commonly known as E-Verify. DNR uses this program to verify employment eligibility of individuals hired on or after July 1, 2007. DNR’s E-Verify ID # is 45119, Authorized July 1, 2007.
- The Georgia Department of Natural Resources is an Equal Opportunity Employer.

Additional information on the Georgia Department of Natural Resources Operating Divisions can be located by visiting the below website addresses:

- Coastal Resources Division: [www.CoastalGADNR.org](http://www.CoastalGADNR.org)
- Environmental Protection Division: [www.GeorgiaEPD.org](http://www.GeorgiaEPD.org)
- Law Enforcement Division: [www.GADNRL](http://www.GADNRLLE)E.org
- Parks and Historic Resources Division: [www.GAStateParks.org](http://www.GAStateParks.org)

JOB DESCRIPTION
Under direct supervision, this position will be expected to assist in accomplishing the goals and objectives of the Marine Sportfish Population Health Survey (MSPHS), which include conducting multiple biological field studies utilizing entanglement gear deployed from small vessels. The incumbent supports biological and technical staff during the collection of data used to manage Georgia’s marine recreational fisheries; and is responsible for the maintenance and operation of small research vessels in Georgia’s territorial waters. The position requires good overall physical condition and the ability to lift gear and equipment weighing more than 50 pounds, and must be able to work at sea, often for long periods and in adverse conditions. The incumbent may be required to communicate complex information to various stakeholder groups (scientists, fishing industry, anglers, general public, and elected officials).

MINIMUM QUALIFICATIONS
High school diploma or GED
AND
One year (2 semesters) of Biology.

PREFERRED QUALIFICATIONS
Preference may be given to applicants with:
- Experience, training and/or certification in small vessel operations in coastal waters
- Experience in field sampling methodology: deployment, retrieval, and maintenance of sampling gears (gill & trammel nets, trawls, seines, etc.), data collection and fish ID
- Experience extracting fish otoliths and/or ageing fish in a laboratory setting
- Experience utilizing general databases for field data entry and analysis (MS-Access preferred)
- A bachelor’s degree in marine biology, fisheries, natural resources management or related field

NOTE: Please direct questions about the duties of the position to Ryan Harrell at Ryan.Harrell@dnr.ga.gov or 912 264-7218.

**JOB DESCRIPTION**
This position is located in the Georgia Environmental Protection Division – Air Protection Branch – Stationary Source Compliance Program (SSCP) – Chemicals/Minerals Unit (CMU). The incumbent in this position performs first line management duties of considerable difficulty in managing the CMU. Duties include directing the activities of the unit to ensure that stationary sources of air pollution are in compliance with state and federal environmental rules and regulations. This is accomplished primarily through onsite inspections and review of periodic monitoring reports. Additional duties may include performing complex regulatory functions such as monitoring, engineering design review, environmental rules changes, inspection, personnel actions, special projects, investigations, enforcement actions, public participation in the regulatory process, intergovernmental agency coordination, training, program planning, and related tasks. Strong verbal and written communication skills along with excellent customer service skills are essential.

**MINIMUM QUALIFICATIONS**
Bachelor’s degree in Environmental Sciences, Biology, Chemistry, Geology, Engineering (Agricultural, Chemical, Civil, Environmental, Mechanical or Sanitary) or related field from an accredited college or university AND
Four years of professional experience in environmental enforcement, environmental health, environmental monitoring, environmental protection or environmental research.

**NOTE:** An equivalent combination of education and job specific experience that provided the knowledge, experience and competencies required to successfully perform the job at the level listed may be substituted on a year-over-year basis for a maximum of two year non-managerial/supervisory experience.

**PREFERRED QUALIFICATIONS**
Preference may be given to applicants with:
- Bachelor’s degree in Chemical, Mechanical, or Environmental Engineering
- Experience with Georgia air quality regulations
- Experience writing or reviewing enforcement documents
- Experience writing or reviewing inspection reports

Based on education and experience, the selectee will be hired into one of the above-mentioned job codes.

JOB DESCRIPTION
This position is located in the Georgia Environmental Protection Division (EPD) – Air Protection Branch – Data and Modeling Unit (DMU). The DMU performs dispersion modeling to better understand the impacts of facility emissions on ambient air quality. Specifically, the DMU performs quarry modeling, toxic air pollutant modeling, and PSD modeling for issuance of air permits. In addition, DMU perform dispersion modeling for special projects. Modelers may be asked to utilize the following models: AERMOD, AERMET, AERMAP, AERSCREEN, AERSURFACE, BPIPPRIM, CALPUFF, ISC3, SCREEN3, and the Weather Research and Forecast (WRF) meteorological model. The successful candidate should have strong verbal and written communication skills.

MINIMUM QUALIFICATIONS

ETP090 – Modeler 1
Bachelor’s degree in a science or engineering discipline with documented proof of experience/proficiency in mathematical modeling and quantitative analysis from an accredited college or university.

ETP091 – Modeler 2
Bachelor's degree in a science or engineering discipline with documented proof of experience/proficiency in mathematical modeling and quantitative analysis or higher from an accredited college or university AND
Experience/ability to interpret/modify existing models as needed, and to formulate scenarios for model testing and evaluation.

ETP092 – Modeler 3
Bachelor's degree in a science or engineering discipline with documented proof of experience/proficiency in mathematical modeling and quantitative analysis from an accredited college or university AND
Ability to interpret/modify existing models as needed and to formulate scenarios for model testing and evaluation.

PREFERRED QUALIFICATIONS
Preference may be given to applicants with:
- Advanced degree (Master’s or Ph.D.)
- Strong background in facility-level emission inventory development, meteorological modeling, and/or atmospheric chemistry
- Experience running air dispersion models (e.g., AERMOD, CALPUFF, ISC, SCREEN3)
- Familiarity with EPA rules and guidance related to air permitting and air permit modeling
- Strong verbal and written communication skills
- Strong background in scientific computer programming (FORTRAN, Python), database management (ACCESS, MYSQL), Geographic Information System (GIS)
